Our Mission & Offer

Globally active in the field of import-export for more than 8 years
Specialist in the sale of 4x4 cars, trucks and civil engineering equipment.
Sales and installation of new and used generators (gas or diesel).

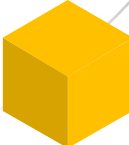

Our values: reliability, fairness
We are committed to creating a climate of trust, harmonious partnerships, and working within a commercially equitable framework

Our abilities are based on:

- A professional, evolving team with recognized technical and commercial expertise
- A diverse and established supplier network
- Strong commercial partnerships in diverse world markets

Our home base in Brussels, the heart of Europe, enables us to manage information from all over the world
We're also present in diverse countries in Africa
